Phuc T Huynh

My name is Phuc T Huynh, I'd study under Mr. K, whose work at Multicultural Community Family Service and the one whose introduce me to POYS program (preparing Older Youth for Success). There are many reason why the program help me through ~~the~~ schooling, even better, Life!... ~~As~~ I'll make it short with three reasons. They help me get a Customer Service Certification, second and mainly my GED, Last but not least staff and everyone there are very helpful.

First, the reason why I gotta get a Customer Service Certification (CSC) is I can get a job. I could start paying bill and interwishing for college or trade school. Even if I can't get a job I desire, I'll still have a CSC in hand and apply for certain job.

Second and mainly, my GED. A GED is a Secondary Diploma for those didn't finish Twelfth grade. A certain college and trade school requior high school diploma or a GED will do fine. With a GED in hand I could definitely

apply for a better education in college or go for trade school, to be certified on the field I pick. It took a good proportion of time for me to finish because I drop out. I drop out somewhere in six or seven grade... Let skip all that and goes to the main event, The Staff!

Last but not least, The Staff, I wanna start this last paragraph of by, I am thankful that I'd met you guys, and much appreciation. They never give up on me, make sure I eat in the morning and even better they'll always be there giving out a helping hand. Sometime they'll have a bad bad day too, but their priority is to be the help anyone needed.

In ~~conclusion~~ conclusion POYS not just help me with schooling but life too, The Rest I'll leave it to whose read this and come to Multicultural Community Family Service.

~~I'm~~ I Phuc Huynh, very thankful
to everyone at MCFS
that put their
precious time
to help me.
