

Multicultural Community Family Services
dedicated to serving immigrant children and families

COME AND JOIN US UNDER THE PALAVA HUT!

Let's talk about the experiences of African immigrants using technology for healthcare access.

**Thursday, October 21, 2021
6 - 8 PM EST / 5 - 7 PM CST
Online via Zoom**

Palava Hut is a traditional practice used in parts of Africa to talk about community issues and find solutions within the community.

**Please register.
Limited slots available.**

We represent African and other community-based health organizations, providers and health researchers in the US focused on improving health outcomes for African immigrants. This project is funded by Patient-Centered Outcomes Research Institute (PCORI) Eugene Washington PCORI Engagement Award (EAIN-00201).
